Thank you so much Iva.

I have included Brad from CD4 so that he is aware as well.

Hi Diana,

I was at the Schrader zone this morning and found the homeless encampments (HEs) within the CD 04 jurisdiction, DeLongpre/Highland. When I arrived at this site, there were approximately seven encampments and eight unhoused residents present. The tents were placed in violation of ADA passage. They occupied the whole sidewalk. Please find below some photos for your reference.

By the way, I was able to meet some local residents-supporters of LASAN, Mark J & Ethan H, and they were alarmed with the drug dealings that are happening in this location including the trash and the noise that they are generating and creating in this neighborhood. They added that these HEs were two week old at this site.

Also, I was able to talk with our Mobile Hygiene Manager, Juan Cerna, and he mentioned that he overheard the drug dealing that one of the residents was engaged in this morning when he parked his car.

We have CARE+ operations every Wednesday at Schrader zone with enhanced services such as the tent exchange program, providing showers to unhoused residents, pressure washing of curb/gutter, and distribution of hygiene kits.

I suggest to schedule and coordinate with our partners (LAHSA, LAPD, DOT) our CD 04 CARE operations simultaneously with our CD 13

CARE+ operations so we could maximize the services we are offering to our unhoused residents at both CDs, CD 04 & CD 13.

Please let me know how I could be of further assistance.
Thank and regards.

Very truly yours,
